

Introducing a Fulfilling Way to Earn a Great Living Working Just a Few Hours Each Week!

Chances are, once you use the weight-loss Xyngular products and get great results for yourself, you'll be surrounded by friends and family who rave about how great you look and ask how you managed to drop so many pounds and inches in the blink of an eye. Of course, you're more than happy to share your secret to success; why not earn a great living in the process?

The fact of the matter is that Xyngular as a company is growing quickly, and they love to share their success with people like you & me who are helping to spread the word. And becoming a valued team member is a great way for you to not only share life-changing Xyngular products with your friends and family so they too can shed unwanted pounds and live a healthier life, but to also earn extra money for things like:

- Taking that memory-making, bond-forming family vacation you've been putting off, and treating yourself and your family to **luxurious, first-class travel accommodations** to boot (*without* the constant worry about watching every dime – because you're using “extra cash”, not dipping into your savings fund)
- Saving up to **put your kids through college** – so you can pay for their education upfront, in cold, hard cash (**saving yourself \$1000s in costly student loan fees and interest charges!**)
- **Quitting your full-time job** – if you so desire – so you can stop putting your life on hold and have **significantly more free time** each week to spend with loved ones, travel the world, or pursue your favorite hobbies
- Paying off your mortgage – and relishing the relief that comes with knowing you **own your home outright** (and can pass it on to your kids and grandkids for their future financial stability)

When you join the Xyngular team, you'll enjoy such rich perks as:

- **The ability to earn all-expense-paid trips:** cruise the seven seas, explore Europe, go down under to Australia, and enjoy the sights in Dubai, just to name a few, all on Xyngular's dime (it's kind of like being handed an unlimited company credit card, but without having to endure years of long hours and controlling bosses)
- **Incredibly low start-up costs:** in fact, many distributors launch their businesses with a small order of products to share as samples with friends and family (you'd be hard-pressed to find another home-based business opportunity with such large income-earning possibilities at such a low upfront investment!)
- **Powerful selling tools:** as soon as you sign up, you get your own personalized website to send potential customers to (and let it do the selling for you!); access to a community of supportive mentors and fellow distributors eager and willing to help you grow your business (because under the company's current compensation plan, when one distributor flourishes, we all flourish!); and other guides to help you grow your business
- **Residual income:** perhaps the best part about joining the Xyngular team is that because you earn commissions on the lifetime of your customers' purchases, plus any purchases made by

customers of distributors who sign up under you, you can keep earning money months or even years after your work is done

- **Ultimate freedom to live the lifestyle you want:** earn a great living working where you want and when you want, even choosing your own hours (so you stay only as busy as *you* want to be!)
- **Fulfillment of knowing that you're making a difference for others:** when you sell a quality product that you know changes peoples' lives for the better, you can rest easy knowing that not only are you earning a great income, but your making a true impact on the world around you
