

Our client-attracting business website programs will help you create a strong web presence that helps you attract clients quickly, all at a price your wallet will love!

These client-attracting programs work so well because they combine:

- A customized Wordpress website design that fits your unique business brand,
- Compelling copywriting that will cause clients to *act now*,
- Comprehensive marketing consultation to help you discover how to best reach your ideal clients, and
- Step-by-step guides to help you create an effective, easy-to-maintain internet marketing plan that practically runs itself month after month.

Our programs give you instant access to our team of website design and marketing experts, including client-attracting web copy specialist Tammi Metzler and savvy Wordpress web design pro Darlene Victoria.

Our professional web designers and copywriters will work closely with you to create a business website that is completely customized to your individual business. Plus, with each Wordpress design package you won't just get a great business web site design; you'll also walk away with tons of **free resources** to empower you to:

- Maintain your new business website
- Write your own compelling web copy
- Effectively promote your client-attracting website
- And more

Our marketing consultants will also take you through the process of discovering your ideal client, finding your compelling marketing message, and create your own simple, easy-to-follow internet marketing plan.

In short, our programs will give you everything you need to launch and promote a client-attracting business web site that is uniquely yours, and then we'll show you how to take control of your own client-attracting web presence.

Extra goodies you'll get with each client-attracting website program

With each client-attracting website program, you can choose between 3 programs to best fit your needs. You'll also get:

- Unlimited email support between calls
- Up to 3 revisions on your website design & copywriting drafts

- A free subscription to our *Client-Attracting Websites* bi-weekly e-zine, which is full of additional marketing tips and tricks

Which client-attracting website program will work best for you?

Simply Refreshing Wordpress Design & Marketing

This basic Wordpress web site program is perfect for do-it-yourself service providers who want an affordable way to take control of their web sites! If you just need a little direction on your quest for business success, this option is for you. This program comes with all of the client-attracting resources and tools of the other plans but doesn't offer as much personalized brainstorming time with your marketing consultant. Here's a taste of what you'll get with this all-inclusive program:

- A custom-designed web site template that will serve as the base for your new site
- One page of copywriting content to help you attract clients
- Tons of info to help you promote and maintain your new site

*No custom graphics included in this package.

True Visionary Wordpress Design & Marketing

The True Visionary in all of us realizes that our time is better spent on the tasks that we do best and most enjoy. If effective copywriting and great web design don't make your list, it's time to outsource those tasks to the pros. This program also includes a greater amount of hands-on help with your internet marketing plan than the Simply Refreshing program. This all-inclusive Wordpress design package comes with:

- A custom-designed web site template that will serve as the base for your new site
- The addition of three web pages of your choice
- Three pages of copywriting content to help you attract clients
- Tons of info to help you promote and maintain your new site
- Plus much more!

*No custom graphics included in this package.

Total Invigoration Wordpress Design

The Total Invigoration package is perfect for the high-achieving business owner who wants to start attracting clients *now* but doesn't want (or doesn't have the time!) to handle the tasks of adding pages or writing web copy. We'll take care of all the details for you so you can focus on other revenue-generating tasks...like getting to work with all of your new clients! Plus, while your dedicated copywriter and web designer are busy creating your client-attracting website, your marketing consultant will jump headfirst into creating your internet marketing strategy and then hit the ground running with an aggressive internet marketing plan to help you get fast results. This comprehensive, all-inclusive package provides:

- A custom-designed web site template that will serve as the base for your new site
- The addition of five or more web pages of your choice
- Five or more pages of copywriting content to help you attract clients
- A custom logo based on your brand
- Custom graphics to match your logo and website
- Tons of info to help you promote and maintain your new site
- And more!
